17. ADMINISTRATIVE ACTIONS

17.1 Purpose

The Company may take appropriate administrative action against any Distributor who violates this Code, the Distributor Agreement, Company policies, or applicable laws, in order to protect the Company's business, products, reputation, customers, and distribution network.

Administrative actions shall be reasonable and proportionate to the nature, frequency, and severity of the violation.

17.2 Factors Considered

In determining the appropriate administrative action, the Company may consider, among others:

- The nature and seriousness of the violation;
 - Whether the violation was intentional, reckless, or negligent;
 - The actual or potential impact on the Company, customers, or the distribution network;
 - The Distributor's compliance history;
 - Whether corrective action has been taken by the Distributor; and
 - Any other relevant circumstances.
-

17.3 Types of Administrative Actions

Subject to the Distributor Agreement and applicable Company policies, the Company may impose one or more of the following administrative actions, as appropriate:

- Verbal reminder or counseling;

- Suspension of ordering privileges, promotional incentives, or participation in Company programs;

- Suspension or deactivation of Company-issued digital accounts;
 - Termination of Distributor appointment; or
 - Any other reasonable administrative measure deemed appropriate by the Company.
-

17.4 Corrective Action

Where appropriate, the Company may provide the Distributor with an opportunity to correct or remedy the violation within a reasonable period before imposing more serious administrative action.

Nothing in this Section obligates the Company to provide a corrective period where the nature of the violation warrants immediate action.

17.5 Immediate Action

The Company reserves the right to immediately suspend privileges or terminate the Distributor appointment without prior corrective action where the violation involves, among others:

- Fraud or dishonesty;
- Bribery or corruption;
- Sale or distribution of counterfeit or adulterated products;
- Serious food safety violations;
- Unauthorized use of Company intellectual property;
- Unauthorized disclosure of Confidential Information;
- Criminal conduct materially affecting the Company's business; or
- Any other serious violation that poses a material risk to the Company, its customers, or its distribution network.

Such action shall be without prejudice to any rights or remedies available under the Distributor Agreement or applicable law.

17.6 Due Process

Before imposing significant administrative action, the Company shall provide the Distributor with a reasonable opportunity to explain or respond, except where immediate action is justified under Section 17.5 or as otherwise permitted under the Distributor Agreement or applicable law.

17.7 Non-Waiver

The Company's decision not to take immediate action with respect to any violation shall not constitute a waiver of its right to take administrative action regarding the same or similar violations in the future.

17.8 Separate Remedies

Administrative actions under this Code are independent of and without prejudice to any contractual, civil, criminal, or other remedies available to the Company under the Distributor Agreement or applicable law.

17.9 Company Discretion

The Company shall have the discretion to determine the appropriate administrative action based on the facts and circumstances of each case, subject to the Distributor Agreement, this Code, and applicable laws.

17.10 Finality of Administrative Measures

Unless otherwise provided in the Distributor Agreement or applicable law, the Company's administrative decisions under this Code shall be final for purposes of internal Company administration.

Nothing in this Section shall prevent either party from exercising any legal rights or remedies available under the Distributor Agreement or applicable law.
